# Scottish Business Statistics

Business Start-up Statistics are produced quarterly by The Committee of Scottish Bankers (CSCB), which incorporates Bank of Scotland, The Royal Bank of Scotland, Clydesdale Bank and Lloyds TSB Scotland.

Until quarter four 2001, the method of data collection was sourced to the branch where the account was opened and, whilst that gave reasonable accuracy, it was decided to enhance the procedure from quarter one 2002 by charting the geographical location of the business. This was done by placing each new business within its postcode sector, which gives greater precision when examining business growth by area.

With effect from quarter one 2009, presentation of the data has been further enhanced in order to reflect the replacement of the Local Enterprise Company structure with six Enterprise Regions. From quarter one 2009, data are also now reported by UK Parliamentary constituency.

Due to the changes in methodology for compiling data, direct comparison between data since the change occurred and that for previous years is not recommended.

These statistics can also be viewed on the CSCB Website:
