Scottish Business Statistics

Business Statistics are produced quarterly by The Committee of Scottish Clearing Bankers (CSCB), which incorporates Bank of Scotland, The Royal Bank of Scotland, Clydesdale Bank and Lloyds TSB Scotland.

CSCB has been collating statistics on new business start-ups since 1995. Until quarter four 2001 the data were broken down by Bank of England Classification, Legal Entity (i.e. sole trader, partnership or company) and further disaggregated into Local Authorities and LECs. That method of data collection was sourced to the branch where the account was opened and, whilst it gave reasonable accuracy, it was decided to enhance the procedure from quarter one 2002 by charting the geographical location of the business. This was done by placing each new business within its postcode sector, which gives greater precision when examining business growth by area. However, due to the change in methodology for compiling data, direct comparison between data since the change and that for previous years is not recommended.

These statistics can also be viewed on the CSCB Website:
